ABSTRACT

This library guide lists some of the more useful sources of information about colleges and universities that are available in the Fogler Library at the University of Maine. The 99 items cited are listed in four categories: (1) colleges and universities, including general, graduate, and foreign programs; (2) preparation for admission exams; (3) transfer information; and (4) financial aid. Additional sources of information available through the library are also indicated, including a microfiche collection of information on U.S. and foreign colleges, a small hard copy collection of catalogs from northeast and eastern Canadian colleges, and a computer service providing details about career opportunities, two- and four-year colleges and graduate schools, and financial aid opportunities. OTHER SOURCES

College Catalogs:

A comprehensive collection of catalogs from both U.S. and foreign colleges is available on microfiche. Most colleges include a section in their catalogs concerning the policies and procedures for transfer students, as well as general information and eligibility requirements for their financial aid programs. A small collection of catalogs from New England and eastern Canadian Colleges is also available in paper copy.

Career Planning and Placement Office:

Located in the basement of Wingate Hall. Open 8 - 4:30. The GIS computer, located in this office provides career information, lists 2 and 4 year colleges and graduate schools, and includes financial aid opportunities.

A **Reference Librarian** will help you with material described in this booklet and with any other questions you may have about the Library.
